The SEI certification programs encompass annual product testing of all certified safety and protective equipment product models and quality assurance audits are conducted annually at the manufacturer's facility. SEI certifies hard hats, safety eyewear, emergency eyewash and safety showers, fall protection equipment, fire service SCBA and rescue tools, fire fighters' helmets, boots, gloves and garments for wildland, USAR, proximity and structural fire fighting; gas detector tube units, hazardous materials protective ensembles, protective clothing for emergency medical operations, personal alert safety systems (PASS) for fire fighters, fire service life safety rope, chemical & biological protective clothing and equipment, and equestrian helmets and vests.

Information about SEI's certification program and the most current version of the SEI **Certified Product List**, can be accessed on SEI's web site, www.SEInet.org. The SEI home page includes the SEI **Certified Product List** which provides certified product model names and numbers, manufacturer's names, and contact information.

A copy of the SEI **Certified Product List** may also be obtained free of charge by writing to SEI, 1307 Dolley Madison Blvd., McLean, VA 22101. Requests may also be sent by fax: 703/442-5756 or by e-mail at: info@SEInet.org.
