TO SEI NOCSAE PARTICIPANTS:

SEI Certification Bulletin #20

Certification Program Test Fees: Baseballs, Chest Protectors, Football Helmets

This bulletin will serve as an announcement to SEI NOCSAE participants that SEI has recently obtained test fees for three NOCSAE standards that were approved by NOCSAE. Product models for these standards can be submitted at any time for initial certification. The NOCSAE standards are:

ND002-17 Standard Performance Specification for Newly Manufactured Football Helmets

- The football helmet standard now includes pass/fail requirements for pneumatic ram testing (NOCSAE ND081-14m15 *Standard Linear Impactor Test Method and Equipment Used in Evaluating the Performance Characteristics of Protective Headgear and Faceguards*). The ND002-17 standard has an effective date of November 1, 2018.

NOCSAE ND027-18 Standard Performance Specification for Newly Manufactured Baseballs

- NFHS is requiring baseballs to be SEI certified by January 1, 2019. The ND027-18 standard has an effective date of February 1, 2019.

NOCSAE ND200-18 Standard Test Method and Performance Specification Used in Evaluating the Performance Characteristics of Chest Protectors for Commotio Cordis

- The ND200 standard was recently revised to remove the COR requirement for the baseball projectile. The ND200-18 standard has an effective date of February 1, 2019.

In accordance with SEI's procedures, we have attached the testing laboratory fee schedules for the applicable approved testing laboratories for the above-mentioned NOCSAE standards. SEI will add a 10% surcharge to the prices listed in the attached fee schedules to the final invoice that you receive from SEI, which is generated when testing is completed.

Thank you for your participation in the SEI NOCSAE certification program. Please contact a member of the SEI staff if you have any questions or to begin the certification process.

Sincerely,

Tricia Hock
Program Development Director

NOCSAE DOC ND002-17
NEWLY MANUFACTURED FOOTBALL HELMETS

Date Test Fees Issued: 03.30.2018

Test Description	Test Requirement	Test Method	Test Condition	Samples Required (Number of Samples & Helmet Sizes)	Test Fee	
Labeling	NOCSAE ND002 Section 7	NOCSAE ND002 Section 7	Ambient	1 Helmet per size	\$ 50.00	
Certification Label	NOCSAE ND002 Section 7 and SEI CPM Section 17	NOCSAE ND002 Section 7 and SEI CPM Section 17	Ambient	Included above	Included above	
Impact Attenuation Test	NOCSAE ND002 Section 6	NOCSAE ND002 Section 5.1	Ambient & High Temperature	2 Helmets per size	\$ 675.00	
Pneumatic Ram Test	NOCSAE ND002 Section 6	NOCSAE ND002 Section 5.2	Ambient	2 Helmets with faceguards per size	\$ 480.00	
				TOTAL SAMPLES / FEES	4 helmets per size, 2 without faceguard and 2 with faceguard	\$ 1,205.00

SEI adds a 10% surcharge to all laboratory testing fees.
