The Peak of Safety and Style

Dear Distributor,

Pyramex Safety Products, LLC has determined that a Product Recall is warranted for the Venture II, SB1850SF shipped to your facility between January 1, 2013 and Feb 11<sup>th</sup>, 2013. The reason for the recall is light transmittance failure which could create a hazard.

Our records show \_\_\_\_\_ Co. received product for distribution which was manufactured during the period identified. Please immediately stop using, selling or distributing product, which was manufactured during the period noted above.

Please promptly contact any customers who may be using product, manufactured during the period noted above, and instruct them to stop using the product immediately.

Please report any new or used product to Pyramex Safety Products for prompt credit to your account. For the report, please include name of company and address, contact person and phone number, number of units to be destroyed. It is important to report this information so that we can properly credit your account. Once the accounting is verified we will instruct you on how to destroy the product.

Any questions or for determination of product possibly affected by or included in this recall please contact David Fish of Pyramex Safety Products at 901-861-6100.
