

## Safety Notice

### **Lion American Legend Helmet Integrated Faceshield**

**Lion Model Numbers:** LFH1072, LFH9120I, LFH9121I

**Dates of Manufacture of helmets:** August 25, 2022, to January 6, 2023

Lion has been notified that integrated faceshields molded in certain lots during 2022 and attached to helmets manufactured during the above period failed the high velocity impact test required for NFPA 1971 compliance.

Lion is concerned that other integrated faceshields manufactured in the same specific lots as the failed specimens may also not be compliant. Lion has received no complaints or reports of any injuries caused by the affected faceshields. Lion is voluntarily replacing these integrated faceshields free of charge.

You are being notified because our records indicate that you were shipped a helmet with an integrated faceshield that was molded at the same time as the affected units. If your helmet is manufactured between August 25, 2022, and January 6, 2023, some helmets contain the affected integrated faceshields. Lion can trace the affected integrated faceshields by helmet serial numbers.

To verify that a helmet may have an affected integrated faceshield, you can check the manufacture date and serial numbers on the inside of the helmet's impact cap (reference bar code label circled in red below).

If your helmet serial number matches one of those on the following pages, you should take your affected helmet out of service until the replacement integrated faceshield is properly installed in your helmet. The old integrated faceshield should be marked and immediately disposed of (reference Product User Guide for proper disposal guidelines if you have questions).

Attempted reuse of affected integrated faceshield may result in serious injury.

Integrated faceshields made during any other period of time are not affected and do not need to be replaced.

**Replacement:**

Lion is sending replacement integrated faceshields and instructions for installation to all customers who received the affected products, beginning March 13. Please watch for a shipment to you from Lion or from a Lion authorized distributor with a set of replacement units and a copy of this notice. Installation demonstration video can also be viewed at: [https://youtube.com/shorts/fTNY9\\_Gv0\\_l?feature=share](https://youtube.com/shorts/fTNY9_Gv0_l?feature=share)

We value your safety and satisfaction and want to make sure that our products perform as expected.
